A young horse that was kept back to use as one of our herd sires. No show record. Sire of one foal before this year. Shows lots of potential. HYPP N/N.

The Alves have handled each foal when they were born, and then led them to the pasture when their dams were checked in foal. Each horse is handled and ridden for 30 to 60 days when they turn two; some go on to be used on the ranch while others go into the breeding program. All the horses here are gentle and easy to handle. The riding horses have been saddled and ridden in the last 30 to 60 days.

Maynard and Jackie have put their heart and soul into this breeding program and have established a herd of horses that represents what a quarter horse is supposed to be. Their decision to retire and slow down creates an opportunity for you to enhance your breeding program with some of these quality mares that are impossible to find. If you want to buy working or arena horses, there are plenty of young individuals to choose from.

This weekend is your opportunity; don't miss it.

Thank you for attending this great sale.

Thank you, Maynard and Jackie Alves, for letting us handle your sale.
