	Micks Trick	Leo Mick
		Princess Lady Luck

Footnotes = Looking for a flashy Buckskin trail mount? Prince has all the color, the looks and the experience. Nice golden Buckskin with big dapples and very dark black points with long black stockings.

Prince has camped and traversed many miles on the rough KY trails. Sure-footed, not spooky and likes the adventure. He neckreins and will go in a snaffle or curb. He goes through mud and creeks, up and down the steepest hills. Holds his weight back on slippery banks and is not looking to spook. Has a lot of natural horsemanship training and knows all the Clinton Anderson Fundamentals under saddle and on the ground. If you are looking for a beautiful trail mount, with that cowboy color Prince is it.
