Nice, quiet, easygoing. Good for any level rider from beginner to advanced. Ridden by all ages. Good trail horse, been on wagon trains and in parades. No spook. Will go any speed from running fast to a walk around the barrels. A 3-D horse that can be a 2-D with a more aggressive rider. Loads, clips, bathes, hauls, shoes great. Loves to be groomed, gentle enough to crawl under and over and jump off of so if you have a kid that likes to play around on their horse and wants to get serious about barrel racing, he's your horse. Absolutely broke the best.

The name says it all. Big gelding with more talent than he knows what to do with. Can jog like a pleasure horse, move big and slow like a World class hunter horse. Started hauling him to local shows and he's handling everything in stride and bringing in his share of blues; the judges really seem to like him. Not started until this year because of lack of time. Has 60 days on him and he is smart and coming on fast. Career is just beginning and with the right rider he should go straight to the top. Sire was Congress Ch. 2YO HUS Fut. and NSBA BCF HUS Ch.; in 2004 he earned open performance ROM; in 2005 was NSBA BCF Ch. 4YO HUS; earnings over \$19,000. Dam was a very successful open hunter mare that was known for her kind disposition and willingness to please, and often shown by a youth rider.

Been there, done that. If you're looking for the all-around total package, look no further. Flashy gelding, been a western pleasure show horse at 2YO and 3YO and moves with a flat knee and a natural lope. Went on to be a pony horse/out rider horse at a major race track. You'll find nothing that bothers this guy. If you can get in the saddle, then you can ride him. Trail ridden in mountains and in the roughest terrain around and always remains solid and steady on his feet. Great attitude and willingness to learn and try new things. Could be aimed in any direction whether show or trail.

Own son of Mr. Yella Fella, AQHA's leading sire of halter horses. We went to Texas and bought him when he was 6 months old, owned him ever since. We've raised quite a few pretty palomino colts by him. Very gentle, acts like a gelding, can be handled by almost anyone. Very easy to breed. Broke to ride, very calm and laid back. Rides nice and quiet. Can be ridden around other horses including mares. Trail ridden, also has been hauled and started on the barrel pattern but could go any discipline, super nice horse, a rare find!! HYPP N/N.
